## Pricing for Availity Advanced Clearinghouse

Published: Tuesday, November 02, 2021

| Availity Clearinghouse Pricing |                 |                             |                 |                 |             |                 |
|--------------------------------|-----------------|-----------------------------|-----------------|-----------------|-------------|-----------------|
| Plans per Rendering Provider   | Counts Included |                             |                 | Overage Charges |             | Price           |
|                                | Included Claims | Included Eligibility Checks | Included Remits | Claims          | Eligibility |                 |
| 450 Plan                       | 450             | 450                         | unlimited       | .30/ea          | .22/ea      | <b>\$64.95</b>  |
| 750 Plan                       | 750             | 750                         | unlimited       | .27/ea          | .22/ea      | <b>\$119.95</b> |
| 1100 Plan                      | 1100            | 1100                        | unlimited       | .25/ea          | .22/ea      | <b>\$179.95</b> |
| 1500 Plan                      | 1500            | 1500                        | unlimited       | .22/ea          | .22/ea      | <b>\$299.95</b> |

Pricing is for the Clearinghouse plan only. A subscription for FastEMC Basic, FastEMC Total Cycle or FastEMC DME is required in addition to these plans for the clearinghouse claims processing.

Cancellation Policy: Allow 60 days for all charges to be billed on your account. Cancellation must be received in writing.

All Availity Customers must elect one of these plans as best represents the practice volume, or enroll in another clearinghouse in the next few months. If we are not notified of your choice we will automatically enroll your practice in the Availity Advanced Clearinghouse in September 2013 and add the plan the fits based on the first months total claims.

After starting the new Availity Clearinghouse Plan, your initial support will be handled by FastEMC. This will focus your software and clearinghouse issues to the FastEMC support staff. Availity will step in when the trouble is related to edits at Availity or other advanced issues.

Examples:

If your practice has 3 rendering providers, that each file under 300 claims per month. The Availity 450 Plan would fit for each provider and the cost would be \$59.95 X 3 or \$179.85 per month for the practice. It would include the Eligibility checks that will save a great amount of time for the billing staff. A great value for under \$60 per rendering provider.

If your practice bills for DME services, under one rendering provider and you file less than 400 claims per month, the 450 Plan would work perfectly and would cost your business \$59.95 /month.
